An Announcement

As successor to Mr. Robert Wayman, now retired from active business, I wish to announce that I have purchased his nurseries and mail order business, which will be operated from Clifton, New Jersey.

Mr Wayman is nationally known for many new introductions of Iris and other plants of outstanding merit. The new management is pledged not only to continue the work of this great nurseryman but also to offer many of his introductions to customers and develop worth-while plants for everyone's garden.

Life Time Experience

The new owner and manager of the Robert Wayman Nurseries has from father to son grown up in the business of horticulture. I have for 25 years operated my own florist establishment, growing and supplying the finest in flowers to a selected clientele.

It would be strange indeed if my experience and earnest desire to please garden lovers would not bring through the pages of this catalog a satisfaction and welcome to all old customers of Robert Wayman and new ones to come.

Outstanding Strawberries

There is a very drastic shortage of Strawberry plants due to the terrible hot and dry summer they suffered last year. We are offering this year three of the outstanding varieties. It's wise to order all three.

PREMIER. Considered leader of the producing areas. Does well from North Carolina to Maine.

THE NEW BLAKE-MORE. Greatest early commercial variety of today.

LUPTON. A fancy late variety which always produces quantities of the finest large sweet Strawberries.

\$2.00 per doz.;
25 for \$3.85;
\$15.00 per 100.

Grapes

85c each; 3 for \$2.50;
12 for \$6.50.

Extra Strong Bearing Grapes

CATAWBA. Large purplish red berries.

MOORE'S. Early best blue.

NIAGARA. Excellent white.

Strawberries

Blueberries

Blueberries love a sour soil, plenty of peat moss, decayed, raked up foliage, etc. Never add lime to Blueberry plantings and always plant two or more varieties for cross pollination. These varieties will produce berries up to $\frac{3}{4}$ inch in diameter. The plants are also ornamental. They are hardy anywhere and easy to grow. We offer this year plants 6 to 12 inches high which will bear in another year.

CONCORD. This variety grows upright. Will reach 6 feet in height. Berries are large, frequently measuring up to $\frac{3}{4}$ inch in diameter.

JERSEY. Grows very large, of vigorous habit. Berries are the largest listed in this group. Ripen about the same time as Rubel.

RANCOCAS. This bush grows rather slender, reaching about 5 feet. Berries somewhat larger than Rubel.

RUBEL. This bush grows vigorous and handsome. Reaches around 6 feet. Berries large. Can depend on a good crop every year.

Prices on the above varieties:
\$1.50 each; 3 for \$4.00; 6 for \$7.00.

New Hybrid BLUEBERRIES

We have a limited amount of the newer varieties of Blueberries. These you will find even better than the varieties listed above. However, we can offer only three to a customer this year in varieties of Atlantic, Pemberton, Weymouth and Burlington. Due to the shortage of stock we can only offer 6- to 12-inch plants. Stock limited to three to a customer at \$2.00 per plant.

Regal Lilies

This beautiful Regal Lily is one of America's finest sweet-scented Lilies you can grow in your own garden. When planting Lily bulbs, always place a couple of handfuls of sand under each bulb. Lily bulbs are very scarce this year. **Place your order early.** We are offering two sizes: **Large bulbs at 60c each; 6 for \$3.50; 25 for \$12.50.** **Medium size bulbs at 50c each; 6 for \$2.75; 25 for \$10.00.**

Sunset Lilies

We offer in limited quantity at **40c each; 6 for \$2.25.**

Regal Lilies—Always a Garden Favorite

Tigridia

Tigridia

Also known as "Shell Flowers" on account of their shell-like substance, and again as "Mexican Tiger Flowers" because of their spotted throats and the fact that the original species was discovered in Mexico. The blooms, which are 3 to 5 inches in diameter, are sure to be the most showy flowers in your garden, and they are entirely unlike any other flower. The bulbs I am now offering are the finest I have ever been able to offer, both in color-range and size and quality of bulbs. They are simply

superb. The colors are rich reds, orange, pinks, yellows, whites, and various blends of these colors. Most of them have the beautifully spotted throat which is one of the features of the flower, in others this spotted throat is absent and the flowers are of uniform color throughout. They are handled much like Gladiolus, planting them outdoors as soon as the weather permits in the spring, about 3 inches deep and 4 to 6 inches apart. **6 for \$1.00; 25 for \$3.75; 100 for \$12.00.**

Miracle Bush Cherry

THE NEW MIRACLE BUSH CHERRY. Blooms early in the spring entirely covered with white flowers which later in the season develop into delicious fruit. The Miracle Bush Cherry is also very desirable as a shrub because of its silvery green foliage turning to a rich red and gold in the fall. The Miracle Bush Cherry is hardy, giving you excellent results anywhere. It may be planted anywhere in this country. The plants shipped will be of bearing size. **\$2.00 each; 3 for \$5.00; 6 for \$9.75; 12 for \$17.50.**

1. Highly ornamental.
2. Easy to grow.
3. Quick to bear.
4. Dwarf habit.
5. Requires little room.
6. Excellent eating.
7. Delicious preserves.
8. Fine for cordials.
9. Bears fruit annually.
10. Very hardy.

World's Best Daylilies - Wayman Specialties

The New ANNIS VICTORIA RUSSELL DAYLILY

Offering the largest Daylily to date, producing as many as 30 buds on a single stem. Color is of burnt orange and flowers measure from 7 to 9 inches in diameter. Stock limited at \$5.00.

New Seedling Daylilies

Offering a collection of Seedling Daylilies in the newest, richest colors such as novelty reds, purples, rose and bi-colors, absolutely no yellows. This collection has never been offered by Mr. Wayman. This is offered at 5 for \$10.00.

Mr. Wayman's Personal Favorites

We are this year releasing many varieties of Daylilies Mr. Wayman had been keeping for himself for years. Many of these varieties are really novelties. In all, we expect to ship about 75 varieties from which we are going to make up collections in lots of 6 for \$7.50; 12 for \$15.00.

World's Finest Gladiolus Collection

This year we are offering to you a superb collection of extra fine Gladiolus bulbs which will enchant your garden with the most unusual and gorgeous variety of color perhaps ever seen in any garden. Many of these varieties are very rare. I am sure anyone who takes this opportunity of ordering these Gladiolus bulbs will enjoy loads of pleasure growing and flowering this collection. **Order early as stock is very short this year.** Of this collection for this year we offer them in lots of 50 bulbs for \$5.00; 100 bulbs for \$9.50; 250 bulbs for \$22.00.

The Masterpiece Collection

Which Mr. Wayman has been sending to his many customers for years we are offering again to the trade. This collection also carries a splendor of color for those who have so successfully grown them. **However, order early. Due to labor shortage, bulbs are terribly short this year. There won't be enough Glads to go around.** We offer extra fine bulbs at 50 for \$3.75; 100 for \$7.00; 250 for \$16.00.

Delphinium

THE GOLD MEDAL DELPHINIUM RAINBOW COLLECTION. These Hybrids indeed give you a beautiful combination of Delphinium Blues; they are one of the most stately flowers that you can add to your garden. This year this stock is also very limited. For those who desire to plant Delphinium this year, order early. \$1.00 each; 3 for \$2.75; 12 for \$10.00.

LYCHNIS CHALCEDONICA. 3 ft. See color illustration. One of the most brilliant of our hardy plants, with vivid scarlet flower heads. Flowers all summer. 3 for \$1.45; 6 for \$2.75.

SHASTA DAISY, "Mayfield Giant." Produces in great profusion daisy-like flowers of huge size. Fine for cutting or garden effect. See illustration below. 75c each; 6 for \$4.00.

Lychnis Chalcedonica

Shasta Daisy, Mayfield Giant

EUPATORIUM COELESTINUM. 18 to 30 in. Those who are fond of the lovely blue Ageratum will surely find this hardy species even more enchanting. The plant is literally covered with true fluffy blue Ageratum flowers, from July until frost; the best of all it reappears each year without further attention after it is once planted. 3 for \$1.45; 6 for \$2.75.

AQUILEGIA (COLUMBINE). See illustration. Every gardener loves the dainty Columbines. The long-spurred Hybrids I am offering are a great improvement over the older varieties. There is a wide range of delicate soft colors and rich pastel shades. Large, healthy 2-year-old field-grown plants. 3 for \$1.45; 6 for \$2.75.

BLEEDING HEART (Dicentra Spectabilis). See illustration. This old favorite with graceful racemes of flowers is a great delight in any garden, and will make itself perfectly at home anywhere. When once established it is good for a lifetime with no care and becomes more handsome with each succeeding year. Extra strong clumps, \$1.50 each.

PLUMED BLEEDING HEART. The plumed foliage of this variety has a beautiful fern-like appearance more handsome than the finest fern. Blooms all summer and the foliage remains handsome till killed by severe freezing weather. Prefers semi-shade. \$1.50 each.

CHINESE LANTERN. Also known as "Winter Cherry." The red balloon-like fruits form excellent winter decoration as they dry and retain their color through the winter. 3 for \$1.45; 6 for \$2.75.

Aquilegia

COREOPSIS, "Golden Giant" and "Mayfield Giant." See illustration. A glorious new giant-flowered Coreopsis of perfect form, outstanding true golden yellow color and exquisite fragrance. Nothing is more colorful in the garden. A real acquisition for garden or cut flowers. 3 for \$1.45; 6 for \$2.75.

FUNKIA SUBCORDATA GRANDIFLORA ALBA. This rare and unusual Funkia has large exquisitely fragrant white flowers resembling Easter Lilies and almost as large, borne profusely all summer long. The foliage is also ornamental. They are so hardy that they will grow anywhere, in sun or shade, with practically no care. Equally attractive in the rock garden or in a wild garden, or in the border or shaded by themselves. Wherever you plant them they will take care of themselves. 75c each; 6 for \$4.00.

GAILLARDIA GRANDIFLORA. 18 in. See illustration. Daisy-shaped orange-yellow flowers (banded with red). Flower freely all summer and fall. You will never be out of cut flowers if you grow a few Gaillardias. Large clumps, 3 for \$1.45; 6 for \$2.75.

Rudbeckia Purpurea

Painted Daisy

Approved Perennials

LIATRIS (Blazing Star or Gayfeather.) An excellent cut flower or garden subject growing with flowers along the stalk much like a Delphinium. See illustration. **3 for \$1.45; 6 for \$2.75.**

PAINTED DAISIES offered this year only in mixed shades at **75c each; 3 for \$2.00; 6 for \$3.75.**

GIANT MALLOWS. These are of the largest ever produced. Red flowering, pink flowering and a collection of our own hybrid mixed colors. **75c each; 6 for \$4.00.**

DOUBLE WHITE SHASTA DAISY, "Marconi." These double white Shasta Daisies are just like double white Chrysanthemums, but flower earlier, commencing to flower in July and continuing until frost. They are the elite of the Shasta Daisy group and a delightful addition to any garden. As cut flowers they are unsurpassed.. **3 for \$2.00; 6 for \$3.75.**

SPIRAEA, "Peach Blossom." (Astilbe.) Entirely different from other Spiraeas, as this type grows only about 18 inches tall and is used extensively by florists as specimen pot plants. Hardy and easy to grow and handsome in the garden or as cut flowers. **3 for \$1.45; 6 for \$2.75.**

SPIRAEA, "Anthony Waterer." A hardy shrub producing deep rose-colored flowers in great profusion. Best of its color. **Extra large strong clumps, \$1.00 each; 3 for \$2.75.**

NEW RUDBECKIA, White Luster. We are submitting to our customers a grand outstanding companion to the beautiful Pink Rudbeckia. This new white variety is indeed a novel white Daisy to add to your garden. It grows about 3 feet in height, flowers from June to September. **Nice plants at \$1.00 each; 3 for \$2.75.**

VERBENA, PERENNIAL, Scarlet-Red. Something new to add to your garden, perhaps what you have been wanting for years. It will flower the same as your annual Verbenas, all summer long. Will come up year after year. **We offer them this year, 3 plants for \$1.75; 12 for \$4.50.**

RUDBECKIA PURPUREA. Hardy, free flowering. Excellent for cut flowers, or in the garden. Bloom from July to October. Good for sun or partial shade. **3 for \$1.45; 6 for \$2.75.**

TRILLIUM GRANDIFLORUM. The Trillium is a native woodland plant known as Wood-Lilies or "Wake Robin." Grandiflorum is the largest and finest of all, producing their delightful starlike snow-white blossoms early in the spring. They prefer a shady location and are fine for a shady nook in the garden, or for naturalizing in the woodland. When once planted they require no care, but come up each spring and continue to multiply from year to year. Hardy anywhere. **3 for \$1.25; 6 for \$2.25.**

VERONICA. Nothing finer for the blue garden than these spires of delightful blue flame. **3 for \$1.45; 6 for \$2.75.**

CRAPEMYRTLE. The beautiful watermelon-red. This plant is not hardy up around our area; however, below Southern Jersey it will winter over. **\$1.00 each; 3 for \$2.75.**

SALVIA AZUREA. A very showy plant of medium growth and of easy cultivation in sunny borders. The flowers are grown in spikes and are very attractive during summer and fall months. Flowers are of pretty sky-blue. These plants grow about 3 to 4 feet tall. **3 for \$1.45; 12 for \$4.50.**

TRADESCANTIA VIRGINICA, J. C. Wiegand. New. Beautiful free flowering porcelain-blue flowers from June to September.

TRADESCANTIA, Summer Snow. Pure snow-white.

TRADESCANTIA VIRGINICA. Deep purple. **75c each; 3 for \$2.00.**

America's Finest and Korean

We are offering to you a collection of hardy and Korean Pompons which when planted, with very little care will give you such an array of color, you just could not imagine anything like that could be possible. Your selection: **5 plants, \$2.50; 10 for \$4.75; 25 for \$10.50; 100 for \$40.00.**

APOLLO. Great sprays of nicely formed flowers clothe the plant in shades of bronzed, old gold and glowing salmon.

EMBER. A brilliant glowing bronze that stands out conspicuously in comparison with any others in this color. A combination of coral and orange shades ever changing with light.

FORTUNE. Very striking. A unique, curly-petaled oxblood-red. 3 to 4 inches in diameter. Vigorous grower.

HESTIA. Nicely formed semi-double of delicate rose-pink with a white halo around the small yellow disc. A good grower of medium height.

KING MIDAS. A fully double, charming variety producing flowers 4 inches across. It is a soft yellow with faintest bronze shading appearing occasionally. Very bushy.

PSYCHE. Wonderful 4- to 5-inch single flowers of a clean lively shell-pink, produced on strong wiry stems.

THE MOOR. A double amaranth-purple or port-wine-red. Very intense with brilliant blooms which will flower in late September. Keeps well when cut.

JEAN CUMMING. A very double, large white variety flowering from September 15th on.

RUTH CUMMING. A fully double, reddish bronze with lots of life. Sturdy grower, flowering early in October.

MRS. DUPONT III. A soft peach tinted with rosy salmon and fawn shades, overcast with luminous sheen. The general effect is an iridescent bronze. Large full flowers. Blooms in early October.

PALE MOON. Delightful sulphur-yellow blossoms completely cover the plant. Loose, double flowers with excellent keeping quality.

SILVER MOON. This gleaming white Chrysanthemum is entirely new. No other kind like it. The double milky-white petals combine with the pale yellow central halo to suggest the play of soft moonbeams. This variety blooms from September on.

AVALANCHE. Finest of all white double Chrysanthemums. Beautifully formed. Excellent grower and early.

The Best of the MULTIPLE

The finest hardy Korean pompons in existence today. Produce hundreds of flowers per plant, flowering from August right up to winter. Absolutely hardy. Each year, these plants grow larger in size.

VULCAN. Glowing carmine-red changing to an attractive bronze-crimson as the flower matures. Has a double row of raylike petals with a conspicuous golden center.

LAVENDER LADY. Breath-taking, pure lavender with full, double blossoms. Most distinct and popular Mum ever introduced. Flowers early in October.

ROSE GLOW. Lovely, raspberry rose-pink blossoms; an outstanding array of color. From September on.

JUDITH ANDERSON. A pure yellow, button-like variety, with blooms from October 10th on.

ROMANY. A beautiful soft but intense red with bronze shadings. Also a beauty.

INDIAN SUMMER. A glowing bronze of which you will be proud. Flowering date, October 15th. Almost frost-proof.

SYMPHONY. This is one variety you would have to see in order to get its description. It is a double flower blending from mauve and soft lavender to coppery pink. Flowers October 10th.

R. M. HATTON. Is one of the earliest bright canary-yellows available. Very free flowering from late September on. Very resistant to frost.

JEAN TREADWAY. Softest pink with distinct rose center. Flower three inches in diameter. No other variety like it.

ROBERTA COPELAND. Medium sized, semi-double flowers of bright rose-red, later fading to salmon-gold. Early September flowering.

PIGMY GOLD. First of the pompons flowering from August on. Small golden yellow blossoms.

MANDARIN. Glowing coral-salmon and copper-bronze, flowering October 10th.

FRANCES WHITTLESEY. A bronzy variety, in bloom October 1st. Compact plants of medium height. Responds well to disbudding.

IRENE Early and erect growing, pure white button type pompon. Will winter over with protection.

CLARA CURTIS (C. Rubellum). Fragrant pink Daisy-like blossoms. Hardy, and an early bloomer.

CALIPH. For intensity of color, this variety cannot be equaled—oxblood-red with a rich velvety sheen that stands out conspicuously.

EARLY BRONZE. A remarkable early flowering coppery bronze pompon, flowering in its full glory in September. Fine for cutting.

SEPTEMBER BRONZE. The bronze tints of autumn are beautifully reflected in the shapely blossoms which shade from golden bronze to intense warm bronze. Plant completely covered with flowers from mid-September on. It is the finest of the bronzes.

SEPTEMBER GOLD. Brilliant golden yellow blossoms, trim and neat, cover the plant from mid-September on. Remarkably free and colorful.

May Day Tree

May Day Tree

(The Beautiful Flowering Lawn Tree)

For superb flowering beauty on the lawn or boulevard, none excels May Day Tree. Its fragrant, fine white flowers early in spring create a massive bouquet of loveliness. The individual flowers are fully a half inch across. A few days later the leaves unfold in all their glossy beauty, far ahead of all the other trees. As this tree is always in bloom by the first of May here it was well named the May Day Tree, and the long racemes of fragrant white flowers, so thickly set on fine branches, may well be used for garlands and to crown the Queen of May. The massive clusters are a beautiful sight and are well adapted to cutting for the house or for early spring lawn festivals. The shiny black cherry fruits which follow the lovely blossoms are small and, though edible and good for jelly, are soon claimed by the birds in preference to what we consider better fruit. Thus our good fruit is spared, yet the birds are fed.

May Day may be trimmed up for a street or lawn shade tree, or left in bush form as shown. It grows rapidly, reaching a height of 15 to 20 feet at maturity. When used as a specimen plant on the open lawn it reaches its full majesty, but it may be used in the background of shrub groups as well. Having come from eastern Siberia and Manchuria, there is no doubt as to its hardiness. The scientific name of this remarkable tree is *Prunus Padus Comutata*, but better call it May Day Tree for everyday. It is highly recommended by the Arnold Arboretum of Boston where records show that it is in bloom about 3 weeks in advance of any other bird cherry. For the lawn the superb beauty of the May Day Tree will please and impress everyone.

We are offering these new beautiful flowering May Day Trees, 3 to 4 ft. in height, at **\$3.00 each; 3 for \$8.50.**

THE GOLDEN RAIN TREE (*Koelreuteria*)

This most unusual flowering tree is one tree everyone in your vicinity will rave about. Wherever this tree flowers, it is the "talk of the town." This tree will dress up a beautiful lawn. It grows to about 25 feet tall and bears thousands of clusters of golden flowers which certainly fulfill the selected name. For a real novelty, you should have this Golden Rain Tree in your planting.

THE GOLDEN CHAIN TREE (*Laburnum Vossi*)

As pictured to the left, gives you a good idea of its merits. It grows similar to the Golden Rain Tree. This tree flowers in June.

Either of the above trees: \$3.75 each; 3 for \$10.50.

YOU SHOULD GROW THE

Rare Franklinia

(Gordonia Alatomaha)

One of Our Best Sellers

This exquisite fall-flowering tree was brought in 1777 from the banks of the Alatomaha River in Georgia to Bartram's garden at Philadelphia. John Bartram, recognizing its extraordinary beauty and value, named it in honor of his life-long friend, Benjamin Franklin. The original grove of Franklin trees was again visited in 1790, but from that day to this no one has seen these trees growing in the wild, though many expeditions have searched the banks of the Alatomaha for it.

Franklin's tree is beautiful in detail and marvelous in landscape effect besides blooming at a season when few shrubs or trees are in flower. The slender trunk and graceful branches are so muscular and sinewy in appearance that one almost expects motion as under a greyhound's skin. The bark is smooth and dark grey, with wavering lengthwise markings of lighter color.

Each twig develops at its tip a cluster of buds of graduated size, like overgrown greenish pearls. Early in August the largest of these attain the size of marbles. Then the guard petal folds back, still retaining its firm spherical form. From its shelter emerge four other petals, satiny, snowy white, elaborately frilled and pleated. The snowy, frilly chalice, 3 inches in diameter, holds a sumptuous mass of orange-gold stamens and breathes forth a delicate, balmy fragrance. Each flower lasts 2 or 3 days and then drops cleanly. There is a constant succession of bloom till hard frost. We frequently get the unusual effect of a tree clad in crimson autumn foliage and abundantly starred with white flowers. The Franklinia begins blooming when not more than 3 or 4 feet high. Young trees under favorable conditions increase in height a foot or more each season. Specimens 30 feet high are known. It develops naturally with several trunks, but may easily be trained to a single trunk by removing the sprouts which start from the base. Franklinia prefers full sun and has proven entirely hardy about New York and hardy in favorable locations about Boston. It is an especially desirable tree for the small intimate garden, loved and lived in. It is a charming lawn tree and the grass may be allowed to grow closely about its trunk. It also thrives when planted by pools, lakes and streams. Its light elegance of form and color contrasts exquisitely with the dark green of conifers.

We are offering the handsome Franklinia Trees, 3 ft. to 4 ft. in height at **\$4.00 each; 3 for \$11.00.**
